Clients completed a form listing their issues and rating the severity on a scale of 1 to 10.

Treatments were completed “blind”. Andrew did not look at the form, nor ask clients what the issues were.

After the session clients completed the form documenting any changes in conditions

96% reported 3 or more conditions immediately eliminated or significantly improved.

Over 200 different conditions were reported immediately eliminated or significantly improved

2% of sessions, highlighted in yellow, reported less than 3 symptoms eliminated, yet felt change or benefits

2% of sessions, highlighted in blue, were reported to be not effective
